REF: RJ/19/1048

DATE: 19/08/2019

TO WHOME IT MAY CONCERN

This is to certify that **Mr. VIKAS KUMAR** has done his internship in **RANJAN INDUSTRIES, Gurugram** from **10-06-2019 to 10-08-2019**.

He has worked on a project titled **The Telecommunications Service**. The project dashboards are designed on Tableau tool. Telecommunications is one of the main drivers of economic growth and globalization, WTO negotiations and "new age" FTAs have focused on liberalizing trade in this sector. All countries have introduced competition in the provision of telecommunications services with dramatic results such as reduction in prices of these services. The report identifies certain areas such as broadband and R&D related to telecommunications where collaboration between companies of both countries would be mutually beneficial.

During the internship he demonstrated good design skills with a self-motivated attitude to learn new things. His performance exceeded expectations and was able to complete the project successfully on time.

We wish him all the best for his future endeavors.
