

REF NO: FIMT/ADMIN./IQAC/2021-22

Dated: 17<sup>th</sup> May 2021

## Dear Parents & Students

At the outset the Team FIMT (Fairfield Institute of Management and Technology) express their heartfelt and sincere gratitude for providing with such valuable and constructive support through these exacting times which has posed different challenges for each one of us. It seemed impossible to have a full year without regular classes between Students and Teachers, but as they say “necessity is the mother of Invention” similarly the situation soon became an opportunity for all of us to move a notch closer towards being technologically advanced. At the end of the semester students felt energised and motivated to take on the University’s term end examination. In our own analysis while adapting, we also evolved, and we can say with confidence that we became wiser.

Year 2020-21 being a difficult year for all of us, on the advisory of GGSIP University dated **04<sup>th</sup> May 2021** Via University Website regarding Suspension of Classes until further orders the Management had decided to reach out to students through **FIMT-Students Portal** in the meanwhile so as not to Interrupt the Learning Process till further guidelines by **GGSIPU/State/Central Government Guidelines**. The **FIMT-Students Portal** has been made Live effective **10<sup>th</sup> May 2021 (Monday)**. All the Online Submission facilities pertaining to Assignments, Practical File, Major Projects, Minor Projects, NUES Files is open for Students. The Last dates for such submission is **31<sup>st</sup> May 2021 (Monday)** no Assignments, Practical File, Major Projects, Minor Projects, NUES Files will be accepted beyond this Date.

Besides the mentioned initiative we are also in the process of uploading the **Subjects notes** of Even Semester for all courses to bridge the learning gap and equipped our students with the recent academic losses. Apart from subject notes a Detailed **Question and Answer** will be shortly uploaded on important topics from your syllabus.

As you are aware that we have never stopped our pursuit of teaching and learning process and have gone extra mile to host a series of webinars for continuous development of our students, also assuring our students on more such activities during the semester apart from teaching. A list of all such activities is mentioned hereunder:

Based on the above mentioned initiatives we are planning to conduct a **Self Assessment Quiz (SAQ)** in **MCQ Mode** (Multiple Choice Questions). A detailed Date sheet regarding the same will be shared very soon with you through Multiple Platform i.e Institution Website and Official Whatsapp Group. The Marks of this **Self Assessment Quiz (SAQ)** will be used for your Internal Grading as a part of your Continuous Evaluation Process and Hence Attendance is Mandatory for the same, Abstaining from it will have a severe impact on your Marks.

Needless to say, we have prioritized the interests of the students as we always do. However of late it has come to our knowledge that some Stray incidents related to Students sharing their the ID and Password with Students of Other Course/Other College which they might Understand will create problems for them if identified in worst case it will entail suspending the Services of FIMT Student Portal forever for them and even Termination for them. Do remember this Facility is exclusively for the Students of FIMT to help them with Academic Pursuit and any Violation with Rules laid to access the Portal will not be taken in good sense.

Perhaps words are insufficient to communicate how eager we are to have a return to complete normalcy, to convey the sentiments of the entire staff-teaching and non-teaching -raring to be with the students again. We are prepared, hopeful, and undoubtedly feeling upbeat- ready for a new chapter - but we cannot throw caution to the wind- not yet. The months of hard work to protect our health, sacrifices made along the way and the resilience developed cannot just be cast aside. Let us be ready for new challenges and take them head on like we did last year: boldly but tempered with wisdom.
