The purpose of the event was to make everyone aware that a balanced diet is one that provides the body with all the essential nutrients, vitamins, and minerals required to maintain cells, tissues, and organs as well as to function correctly. A diet that is lacking in nutrients can lead to many different health problems ranging from tiredness and lack of energy to serious problems with the function of vital organs and lack of growth and development. Another important aspect was to clear all the myths regarding a perfect diet and our team whole heartedly believes that –“ If we are having Balanced Diet today, then only we will have Balanced Life tomorrow
