FIMT - SCHOOL OF LAW

TWO-DAY INTERNATIONAL CONFERENCE

ON

THE INTEGRATION OF ARTIFICIAL INTELLIGENCE & NATURAL INTELLIGENCE FOR CREATING A BETTER WORLD

28TH FEBRUARY - 1ST MARCH 2025

ORGANISED BY INTERNAL QUALITY ASSURANCE CELL (IQAC) OF THE INSTITUTE

ABOUT THE INSTITUTE

The Fairfield Institute of Management and Technology (FIMT) is a NAAC-accredited prestigious college in Delhi with an ambiance representing the academic culture of the capital town of the largest democracy in the world and a vibrant emerging economy. Established by the Fairfield Group of Institutions, it is an 'A+' Grade College approved by the Government of NCT of Delhi, affiliated to the prestigious Guru Gobind Singh Indraprastha University, which is the first university established by the Government of Delhi. FIMT is approved by the Bar Council of India and National Council for Teacher Education and other authenticating bodies.

It is backed by a legacy of 49 years of shaping students' careers in the country in areas of Management, Commerce, Teachers' Education, Journalism, Information and Communication Technology, Humanities, and Law and Legal Studies. The institutional distinction includes social outreach, field studies in Academic Research, and job orientation programs in respective areas of study.

ABOUT THE CONFERENCE

The integration of Artificial Intelligence (AI) and Natural Intelligence (NI) has the potential to transform society by addressing global challenges, enhancing human capabilities, and fostering sustainable development. This synergy between machine-driven learning and human cognition presents an opportunity to create a harmonious future where technology complements human values and skills. To discuss these developments, FIMT proposes to organize a conference on "Integration of Artificial Intelligence and Natural Intelligence for Creating a Better World".

We invite scholars, academicians and practitioners to contribute research papers related to the conference's theme to help us better understand and participate in these contentious issues. The following are the general areas/sub-themes that will be of interest to the conference. Papers may be submitted on any of the sub-themes or related topics listed below.

THE THEME

Artificial Intelligence (AI) is a rapidly advancing yet much-misunderstood technology. Vastly different definitions of AI, ranging from AI as a mere tool to an intelligent being, give rise to contradicting assessments of the possibilities and dangers of AI. A clearer concept of AI is needed to come to a better understanding of the possibilities of responsible governance of AI.

AI is not a futuristic vision, but rather something that is here today and being integrated with and deployed into a variety of sectors. This includes fields such as finance, national security, health care, criminal justice, transportation, and smart cities that have altered decision-making, business models, risk mitigation, and system performance. There are numerous examples where AI already is making an impact on the world and augmenting human capabilities in significant ways. One of the reasons for the growing role of AI is the tremendous development opportunities that it presents.

The conference will bring together practitioners, policymakers, educators, researchers, and students to discuss the latest advancements, challenges, and strategies for leveraging artificial intelligence while respecting and amplifying the essence of human intelligence. The main objective is to create a knowledge-sharing platform for the dissemination of research and empirical findings in the field of Artificial Intelligence through experimental studies, descriptive models, case studies, innovative concepts, and state-of-the-art studies.

SUB THEMES:

- ➤ Role of AI in shaping legal pedagogy
- ➤ AI and good governance
- ➤ AI in promoting human rights advocacy
- ➤ AI as efficient tool for cybersecurity and protecting digital frontiers
- ➤ AI and access to justice
- ➤ AI and healthcare: transforming precision and efficiency
- ➤ AI as a transformative tool for advancing sustainability goals
- ➤ AI role in cultural convergence and homogenization: Bridging cultures through AI-Driven content
- ➤ AI for humanitarian assistance and disaster relief
- ➤ AI and climate change monitoring and mitigation
- ➤ AI and Intellectual property rights: challenges to existing intellectual property rights framework
- ➤ Emerging trends in AI for promoting gender equality
- ➤ Evolving role of AI-driven social media platform & governance

SUBMISSION GUIDELINES

- Submit your abstract/full paper to fimtinternationalconference@gmail.com
- Long and short articles must be accompanied by an abstract of not more than 300-500 words (along with keywords).
- There can be a maximum of one co-author in one submission.
- All manuscripts must be submitted in English language only.
- The research paper must be the original and unpublished work of the author(s). Plagiarism above 10 % shall attract immediate disqualification.
- The manuscript must be typewritten. The font should be Times New Roman, font size of 12, line spacing of 1.5, and justified alignment (except the title and 'abstract' caption which should be centrally aligned). All pages shall be numbered.
- All entries should be submitted electronically in .doc or .docx format.
- All manuscripts must be accompanied by: A cover letter with the name(s) of the author(s), designation, institution/affiliation, the title of the manuscript, and contact information (Correspondence address, E-Mail ID, Phone Number, etc.). A declaration that the manuscript submitted is a piece of original and bonafide research work and has not been published or submitted for publication elsewhere.
- Abstract and manuscript file name should be named as follows: Abstract/ Manuscript Avinash Tripathi (eg.)

SUBMISSION PROCEDURE
Submit your abstract to *fimtinternationalconference@gmail.com*

WHO CAN PARTICIPATE?
Academics, Lawyers, Judges, Executive officers, Legislators, Policy Makers, Scholars, Activists, Media Persons and Students
