COLLEGE FACILITIES & SERVICES @ FIMT

The college is easily accessible from several locations throughout the city and boasts a state-of-the-art infrastructure. The college offers several other student rooms and facilities in addition to a well-planned administration block. It has offered various departmental labs as well as independent, well-equipped labs for basic sciences.

LIBRARY and E-LIBRARY: Students have access to different libraries at the campus. The computerization, reprographic capabilities, online journals and periodicals section, computerization, and reference services are all aspects of the library. . Access to N-LIST, SCC Online, DELNET, and Manupatra are available.

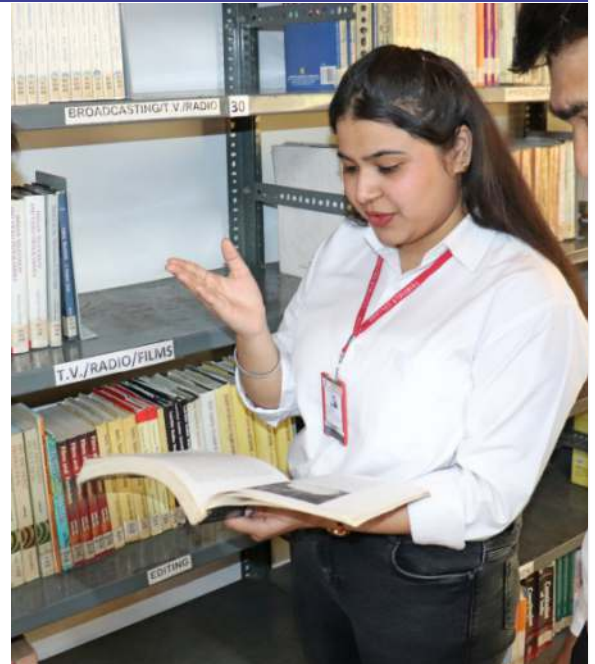

IT DEPARTMENT: The most up-to-date technological systems are available in the IT Department, often known as the "Computer Labs," where knowledgeable and experienced faculty members train students. In addition to top-notch hardware, all the most recent software needed for application development is available. The college has adopted an Internet leased line facility in order to keep up with the times, and it also offers its students commercial products that support their success in their areas of specialisation. Our greatest asset is our team of highly skilled, devoted, and experienced instructors who are always available to help pupils.

SPORTS AND RECREATION ROOM: Students can use a variety of exercise equipment, table tennis, circuits, multi-gyms, and static cycles. The students make full use of the Department in their spare time and even during their sports sessions.

LAB : A great resource for honing and evaluating speech in any language is the language laboratory. It offers a feature that lets students hear an example of how to pronounce words correctly, mimic it and record it, hear how they performed and compare it to the example, and evaluate themselves.

AUDIO-VIDEO STUDIO : The Lab. offers practical video and audio training facilities complete with green screen walls, tripods, changing rooms, lighting, and backdrops for portraiture. With it, students may run teleprompters, edit footage in real time, and create television shows. Within the Studio is a cutting-edge audio and video recording facility.

RADIO PRODUCTION LAB : The lab offers students the tools and resources they need to produce audio productions, including sound editing software, the newest Lapel and Condenser microphones, and stereophonic sound recording systems.

COLLEGE FACILITIES & SERVICES @ FIMT

PRODUCTION CONTROL ROOM : Modern equipment, such as a soundproof glass cockpit, a video monitor, a video mixer, various camera settings, cameras, and graphics with digital video effects for editing and enhancing audio and video, are available in the production department along with skilled personnel. The department assists other departments in planning their incredibly amazing video productions with student assistance.

ART, CRAFT & MUSIC ROOM : FIMT provides hands-on training in general art and craft concepts as well as the production of different crafts, including playdough ideas, spin painting, body painting, 3D paintings, stained glass bunting, spin painting, and leaf printing fabric. These resources are intended primarily for use by students enrolled in the Bachelor of Education (B.Ed) programme. Furthermore, students take an active part in creating the décor for FIMT's regular conferences, seminars, and fests.

ICT LAB : The Information & Communication Technology (ICT) Lab is a crucial component of the Bachelor of Education (B.Ed.) program's curriculum. Students can obtain comprehensive information and understanding on several education-related topics via the Lab.

Science Lab : Available to Bachelor of Education (B.Ed.) students, this space is for students who benefit from the lab by becoming acquainted with the fundamental lab setup seen in schools as well as the range of activities carried out in science labs.

MEDICAL EMERGENCY ROOM : A Medical Emergency Room has been constructed by the college, in order to promptly treat minor injuries, such as small cuts and wounds, fever, cough, and cold, as it offers full medical courses.

MOOT COURT SOCIETY : FIMT boasts a lively and dynamic moot court community. The student-run Moot Court Society-Justice Prevails collaborates closely with the administration to organise, prepare, and carry out its events. The 31st Bar Council of India All India Inter-University Moot Court Competition was hosted by FIMT, the first and only institution of GGSIPU. Additionally, 44 teams from law schools around the nation competed in the National Moot Court Competition, which was recently organised by FIMT.

TRANSPORTATION FACILITY: The Institute offers CAB/BUS service from various regions of Delhi NCR for students travelling from different parts of Delhi. All of the cars have GPRS enabled for the protection of the students.

EXTRA CURRICULAR ACTIVITIES : Studying a wide range of subjects is required for a college degree. Lectures and labs won't teach you everything. Participating in extracurricular activities while attending college can greatly improve the quality of the college experience.

COLLEGE FACILITIES & SERVICES @ FIMT

LEGAL AID SOCIETY : The National Legal Service Authority (NLSA) and the Delhi State Legal Service Authority (DLSA) oversee the Legal Services Clinic, which was established by the Legal Aid Society. The primary objectives of the organization are to provide legal aid and increase public awareness of the law, with the assistance of paralegal volunteers and legal aid attorneys at the FIMT School of Law's Legal Services Clinic. The Society has given DSLSA training to 100 volunteer para-legals.

CAFETERIA: Students and guests can get fresh snacks, tea, coffee, juice, beverages, and everyday necessities at the institute's large, clean canteen. The mess committee, which consists of representatives from the administration, professors, and students, has specific authority over the food preparation process.

CAREER COUNSELLING CELL : Through lectures given by notable figures from academia, business, and well-known organizations, the cell encourages and guides students as they investigate different career options. Additionally, it helps the kids adjust to their diverse social, cultural, and economic backgrounds by developing their communication and personality traits. Additionally, the cell planned yearly placement and internship fairs.

RESEARCH PROJECTS & COLLABORATIONS : FIMT was founded with the purpose of advancing research. To do this, the College has been pursuing research initiatives, funded by various Organizations, on menstrual hygiene and ingraining India's constitutional foundations.

FIMT has collaborated with the Dr. Ambedkar Chair in Social Justice, the Dr. Ambedkar Foundation, under the Ministry of Social Justice and Empowerment, Govt. of India and the planning of capacity building programs in order to increase the effectiveness and efficiency of teachers and students. The College most recently held a One-day National Conference on Pedagogy and Curriculum Development for Legal Education in Modern India. Additionally, a teacher and student knowledge exchange programme has been struck with Ramanujan College, University of Delhi.

In order to guarantee that students are adequately prepared for the competitive world of today, the College has partnered with Kathamandu School of Law. Legal in Nepal hosts an annual international student exchange program for legal students.

COLLEGE FACILITIES & SERVICES @ FIMT

STUDENT HEALTH & COUNSELING SERVICES : The goal of Counseling Services is to provide competent, confidential, and accessible mental health counseling and consultation services to the college community. With an emphasis on developmental counseling, Counseling Services employs a condensed therapeutic paradigm to support students in thriving in a college environment. We can assist by recommending professionals who operate off-campus when longer-term, more intensive, or specialized services are needed.

GENDER SENSITISATION CLUB : FIMT is committed to strengthening the battle against gender disparity and establishing a respectful and peaceful work environment for men and women. The Gender Champions Club was established by the institute in accordance with the principles set forth by the Ministry of Women and Child Development. 4-2/2014-WW is the notice number. The group wants to raise awareness of gender issues and support and cultivate an environment that promotes gender justice.

AFTER-HOURS/WEEKEND ASSISTANCE: Students typically approach the programme coordinator for assistance in the event of a problem that arises outside of our regular office hours, and the coordinator will then connect them with Senior Staff members.

CENTRE FOR INTELLECTUAL PROPERTY RIGHTS AND COMPETITION LAW : The Centre was founded with the intention of educating professionals and students about the most recent advancements in the field of intellectual property rights and competition law. It also hopes to spark and encourage research into new and relatively undiscovered fields.

CENTRE FOR ALTERNATE DISPUTE RESOLUTION (ADR) : The Centre for Alternative Dispute Resolution (ADR) was founded to encourage interest in ADR among scholars and students. ADR includes techniques such as Lok Adalats, Arbitration, Negotiation, Mediation, and Conciliation.

CENTRE FOR COMPETITIVE EXAMINATION : The centre was established with the goal of offering affordable tutoring to students pursuing their degrees while preparing for the judiciary, CLAT-PG, and UGC NET exams. The college's on-campus faculty, who are renowned and experienced, offer the coaching.

FIMT NCC UNIT

- 1- DELHI NCC GIRLS BATTALION
- 3- DELHI NCC BOYS BATTALION

FIMT NCC has one company of boys and one company of girls, totaling 320 students. The National Cadet Corps (NCC) is the key to our youth's overall development and change.

शाश्वतम्

FIMT NSS UNIT

The Fairfield Institute of Management & Technology's National Service Scheme (NSS) unit is a volunteer programme where students strive to establish a campus-community connection. It fosters in the young community a sense of civic and social responsibility. About 200 students from two units of FIMT College, representing a variety of specialties and course offerings, volunteer for NSS FIMT. Every unit is split up into teams, each of which is headed by a volunteer team leader.

The Unnat Bharat Abhiyan (UBA)

The Ministry of Education's flagship programme, Unnat Bharat Abhiyan (UBA), was established to give the concept of creating self-sufficient "village republics" life. It attempts to provide the needs of food, clothes, health care, livelihood, and education in rural areas by making the best use of capabilities of higher education institutions, and environmentally friendly technologies. FIMT UBA cell aims to improve the five selected villages by organizing community engagement programmes. The five villages that have been adopted under the programme: **Daulatpur, Badusara, Raghupur, Jhatikara, and Salahpur.**

Global Partnerships

At FIMT, we are always looking to increase the number of academic partnerships and engagements. The exchange programs offered by the Colleges provide a chance to increase one's knowledge base, acquire fresh insights, and create a wide professional network.

The Fairfield Institute of Management and Technology has partnered with numerous universities and institutions across the globe to conduct joint research, exchange faculty and students, and host lectures, workshops, conferences, and short courses.

Our students' perspectives on various cultural and academic systems, as well as unique cultures and languages, are widened through a term spent abroad.

Pro Bono Club

The Law School at Fairfield in order to support the Department of Justice's Nyaya Bandhu (Pro Bono Legal Services) initiative inside the Ministry of Law and Justice, Pro Bono Club was established. In accordance with this plan, the Institute establishes a Pro Bono Club with the goal of offering pro bono services to those in need of legal help as well as support to the Lok Adalats and ADR courts in order to advance equal access to justice.

In addition to giving students real-world experience and assisting them in developing into public-spirited practitioners, this project will support Pro Bono advocates and help them increase both the volume and caliber of their work.

The FIMT Alumni Association

The goal of the FIMT Alumni Association, which was founded in 2009, is to give former students a way to stay in touch with one another and their college of education.

The heart and soul of FIMT College is its students. We value all our students, both current and former. We take great pride in our alumni. Many of our most notable alumni followed their aspirations without second thought. Their pursuit of perfection was crowned by success.

Alumni Aims and Objectives:

- To maintain a database of the alumni
- To provide a platform to connect, collaborate and network with past and current students
- To organize industry, motivational and technical talks by esteemed alumni.

FIMT - PUBLICATIONS

A lot of attention has been paid to multidisciplinary and legal research. The publications from FIMT are:

FAIRFIELD - SCHOOL OF HUMANITIES & SOCIAL SCIENCES

REGULAR UNDER GRADUATE DEGREE COURSES

MASTER OF ARTS IN ENGLISH

MA-Eng

Duration : 2 yrs.

Description of degree : The two-years Master of Arts in English (MA English) program offers a thorough examination of English language and literature. The goal of this academic path is to improve students' comprehension of the intricacies of literary traditions, critical theories, and the English language. The curriculum culminates in the completion of a thesis or comprehensive project and consists of coursework, seminars, and independent study. The MA in English curriculum is carefully crafted to give students a deep comprehension of language, literature, and the relationship between expression and culture. The course material is designed to cover a wide range of literary genres, historical periods, and critical perspectives. Students set out on a journey to unravel the development of the English language, encompassing both classical and modern masterpieces.

Skills Obtained : Master of Arts (MA) degree in English is a significant achievement that equips graduates with a diverse skill set and a deep understanding of the English language, literature, and related fields. The two-year postgraduate program provides students with a comprehensive education that goes beyond the surface of language and literature, fostering critical thinking, effective communication, and analytical skills. The study of literature in the MA program encourages critical thinking and interpretation. Graduates develop the ability to analyze complex texts, discern underlying themes, and interpret literary works within cultural, historical, and social contexts. This skill is valuable in professions requiring insightful analysis and problem-solving.

Career options : Using the variety of abilities gained during the two-year postgraduate study, an English Master of Arts (MA) opens up a wide range of job options. Deep knowledge of language, literature, and critical thinking characterize English MA graduates, which makes them highly employable in a wide range of fields, including academia, teaching, content creation and editing, publishing, technical writing, media and journalism, public relations, corporate communications, creative writing and authorship, cultural heritage and museums, human resources, corporate training, freelance work, and consulting.

Alumni Stars

The Placement Cell @ FIMT

The Placement Cell keeps in touch with a range of industry sources, arranges for on-campus training and recruitment, and notifies students of available placement opportunities. Additionally, the Placement Cell provides students with a range of chances to improve their professional and interpersonal skills in order to get them ready for recruiting. The Cell has previously organized workshops to aid in the general development of students and prepare them for the demands of the workforce.

Summer Training & Internship @ FIMT College

Throughout college, internships in one's field of study are essential to success as an advanced student. Look for opportunities where students can apply and further develop the academic concepts they are learning in a professional environment, in addition to the classroom activities that involve discussion, debate, peer interaction, and shared learning experiences.

Growing, learning, and, most significantly, preparing for life after graduation and a career are the main goals of college. These internships enhance character development, career development, opening doors to opportunities, and real-life application.

Careful preparation is essential for a profession that is fulfilling. The growth of professional skills, the reinforcement of integrity, and the expansion of opportunity are the three main benefits of internships. The most opportunities possible should be made available to students while they're looking.

Students will have access to professional development and opportunities through the FIMT-college Placement Cell during their academic careers.
